DESIGN GROUP

“At Casablanca Design Group we provide the highest level of service at every step of the design and production process culminating in the delivery of a product of unsurpassed quality and value.”

- Alston D. Correll, President

HISTORY

“It all started in 1977...”

Casablanca began in 1977 when Ron and Jill Pair began providing design consultation for McDonald's restaurants. In 1980, Casablanca began providing seating options in addition to their wall and ceiling décor pieces designed specifically for each client.

Casablanca officially moved into the Atlanta market, where our current facilities remain, in 1990. Since 2000, we have become an approved and preferred vendor to the globally-recognized McDonald's and Burger King brands, and added Popeye's to our repertoire in 2013. Ron and Jill Pair officially retired in 2016, selling the business to respected businessman Alston Correll, and we're excited to expand our brand under his leadership!

WHAT YOU GET WITH CASABLANCA

Full Interior Design

Casablanca Design Group provides complete interior design packages. Our professional designers work with individual clients to provide unique interiors required by the particular brand and include all branding elements. We offer space planning, finish selections and specifications, construction documents and more to assist your project.

Project Management

Our account managers oversee every aspect of your project throughout the life cycle, maintaining project scheduling, budgets and set-up, as well as assigning the drafting to our designers, assisting in the selection of your finishes, overseeing construction, selecting décor elements, manufacturing your products, coordinating with GC's and installers and everything in-between.

Program Rollouts

Throughout the course of your architectural project, our team provides a start-to-finish program rollout that works within your dedicated timeline. We stay true to your company's vision and brand throughout the project because, after all, the grand opening and ongoing business are the most important aspects of any project.

Design & Fabrication

Our design team provides the precise materials and finishes needed to accomplish the goals of our restaurant clients during a new dining room project. Each project includes custom designs and is fabricated in our Atlanta facility, ensuring exceptional construction using only the highest-quality materials. Upon completion of the design fabrication, our team carefully packages all pieces for shipping to the facility for installation.

*All of our products are custom designed
and fabricated in our Marietta, GA facility.*

**WE'LL CREATE
ANYTHING
YOUR PROJECT
DEMANDS**

While Casablanca originally began as a design and décor consultation firm, our production has expanded to provide custom metal fabrication, full solid surface fabrication, divider walls and panels, and graphics, in addition to upholstered or fiberglass booths, chairs, laminated and stained wood casework, and cabinetry. We continue to lead the way with our innovative attitude, creative spirit and desire to facilitate the needs of our clients.
